

SWM 31/9 Manual Sweeper

Superior sweeping performance and value in a compact, light weight design.

Ten Times Faster than a Broom

Clean hallways, workshops, retail shops, warehouses and sidewalks up to ten times faster with the Tornado® SWM 31/9 Manual Sweeper. Pick up everything including metal shavings, nails, paper, leaves, and even packaging material. Light and compact, you can move from area to area with ease with this highly mobile unit.

Rugged Durability for Long Life

The SWM 31/9 offers outstanding sweeping performance through the use of a main roller brush that is driven by both wheels, ensuring effective cleaning during right or left-hand turns. Effective indoors and outdoors, this compact unit easily sweeps hard-to-reach areas such as curbs, corners and crevices with the help of a durable side-broom, and offers a convenient hopper-grip handle for portability and emptying debris. The ergonomic handle suits operators of all sizes.

Superior Sweeping Performance in a Compact Sweeper

You can expect years of service from the SWM 31/9 Manual Sweeper thanks to its tough polyethylene hopper and base, which are made to resist dents and cracks. The large 9 gallon hopper collects dirt and debris and is simple to remove and empty with an ergonomic handle. The side brush arm is swivel-mounted and can be easily disengaged.

SWM 31/9 Manual Sweeper. Performance and value in a compact, light weight design.

Key Features

- Ideal replacement for manual sweeping
- Maximize sweeping productivity up to 28,000 sq. ft. per hour, faster than a manual broom!
- Unique side brush for greater cleaning efficiency
- Efficient dirt collector minimizes dumping of dirt, compared to other systems.
- Light weight design for simple maneuverability, yet durable
- Large, non-marking rear wheels and front castor for enhanced mobility
- Collapsible handle for storage in small areas
- Compact design goes through any standard door and goes where large sweepers cannot
- Can be used for both indoor and outdoor applications

**Sweeps up to
28,000 sq. ft.
per hour and is
Ten Times Faster
than a broom!**

Cleaning System Applications:

- Metal Shavings
- Nails
- Paper
- Leaves
- Hard-to-pick-up packaging material

SWM 31/9 Manual Sweeper

Versatile

The SWM 31/9 can be used in small warehouses, machine shops, workshops, gas stations, retail stores, sidewalks, for indoor or outdoor areas including parking lots.

Ease of Use

This easy-to-push manual sweeper is hard working, light-weight and fast, delivering up to 28,000 sq. ft. per hour of sweeping productivity! And the variable height adjustment allows for efficient cleaning on a variety of terrains.

Unique Side Broom

The side broom sweeps dirt out of corners and away from walls, directly into the cleaning path of the main brooms, which then flips up debris into the large 9 gallon hopper.

Go-Anywhere Convenience

With large, rear mounted wheels, this unit will go anywhere easily and can even climb steps. A fold-up handle makes this unit perfect for small, compact storage spaces.
