

A collection of silverware including forks, knives, and spoons, arranged vertically against a dark background.

Flatware & Silverware PRE-SOAK

For presoaking silver & stainless steel tableware

Product # 303

DESCRIPTION

Flatware & Silverware Pre-Soak is a low-foaming pre-soaking detergent for silverware and flatware. Removes dried on soils prior to washing. This product is an effective soak for softening food soils on flatware prior to machine processing and helps remove egg yolk, cheese, dried catsup and other sticky food residues. An ideal pre-soak for bake and serve escargot pans, onion soup tureens, pasta dishes and other hard to clean items. Contains no abrasives.

USAGE

Recommended for commercial, institutional and household use. Great for restaurants, cafeterias, bakeries and food preparation facilities.

DIRECTIONS

Use one 1 quart for each gallon of warm water.
Add tableware. Soak at least 5 minutes.
